

CLINICAL PRIOR AUTHORIZATION (PA) INDEX

Medications requiring Clinical Prior Authorization (PA) for Kansas Medicaid are listed in the table below. **Please use this index to identify if a specific medication** requires Clinical PA and which Clinical PA criteria and PA form should be used to request an authorization from the patient's specific health plan (MCO/FFS). Please note, medications requiring Clinical PA may also have to meet Non-preferred PDL PA criteria before the claim may be considered for payment. For drugs that are new to the market and not listed in the table, please click the following medication hold link for further information: <https://www.kdhe.ks.gov/191/Advanced-Medical-Hold-Manual-Review>

Use the “ctrl + F” keyboard shortcut to search for a medication or keyword within this document.
